PARTNER

ABOUT US

On 30 May 2013, the HSQE Group Company's first firm, BAŞARI İş Güvenliği Hizmetleri (BAŞARI Occupational Health & Safety Company) which was authorized by the approval of Ministry of Labor and Social Security has taken its place between the authorized Common Health Safety Companies.

Since the date of founded, the only aim of BAŞARI Occupational Health & Safety Company is to turn Occupational Health & Safety into lifestyle other than a legal obligation and being a solution partner to its customers.

According to our aim, we established HSQE Group Company in 2017 under “there is no border in our services” understanding together with BAŞARI Occupational Health & Safety Services, BÖLGE Occupational Health & Safety Services, EKOL Periodic Control Services, BAŞARI KOBİ Consulting Services..

During the passed years; With the methods that we have used in our worklife like our market oriented business style, our harmonious approach to actions, our management approach according to the instructions, actuation of productive ideas, ease of control, our close business relation styles, motivational methods that we used, control of financial structure.....etc, we became upto today with your supports.

OUR MISSION

Our Mission, Vision, Principles and Our Core Values occur the basis of our existence. These enables us to look confidently to the future.

Continue to develop and maintain our corporate understanding that will be preferred by our customers through respectful to occupational ethical values, by knowing and carrying all responsibilities of the sector, with zero-work accident and zero occupational disease targets, with experience personnel who work for the most basic right of mankind which is the "Life Right" .

OUR VISION

Being an institutional structure that represents trust and respect, by growing in stability, by being among the firsts in the sector in terms of Occupational Health & Safety, Job Entry Inspections, Periodic Controls, Consulting Services and by providing their the continuity.

OUR POLICY

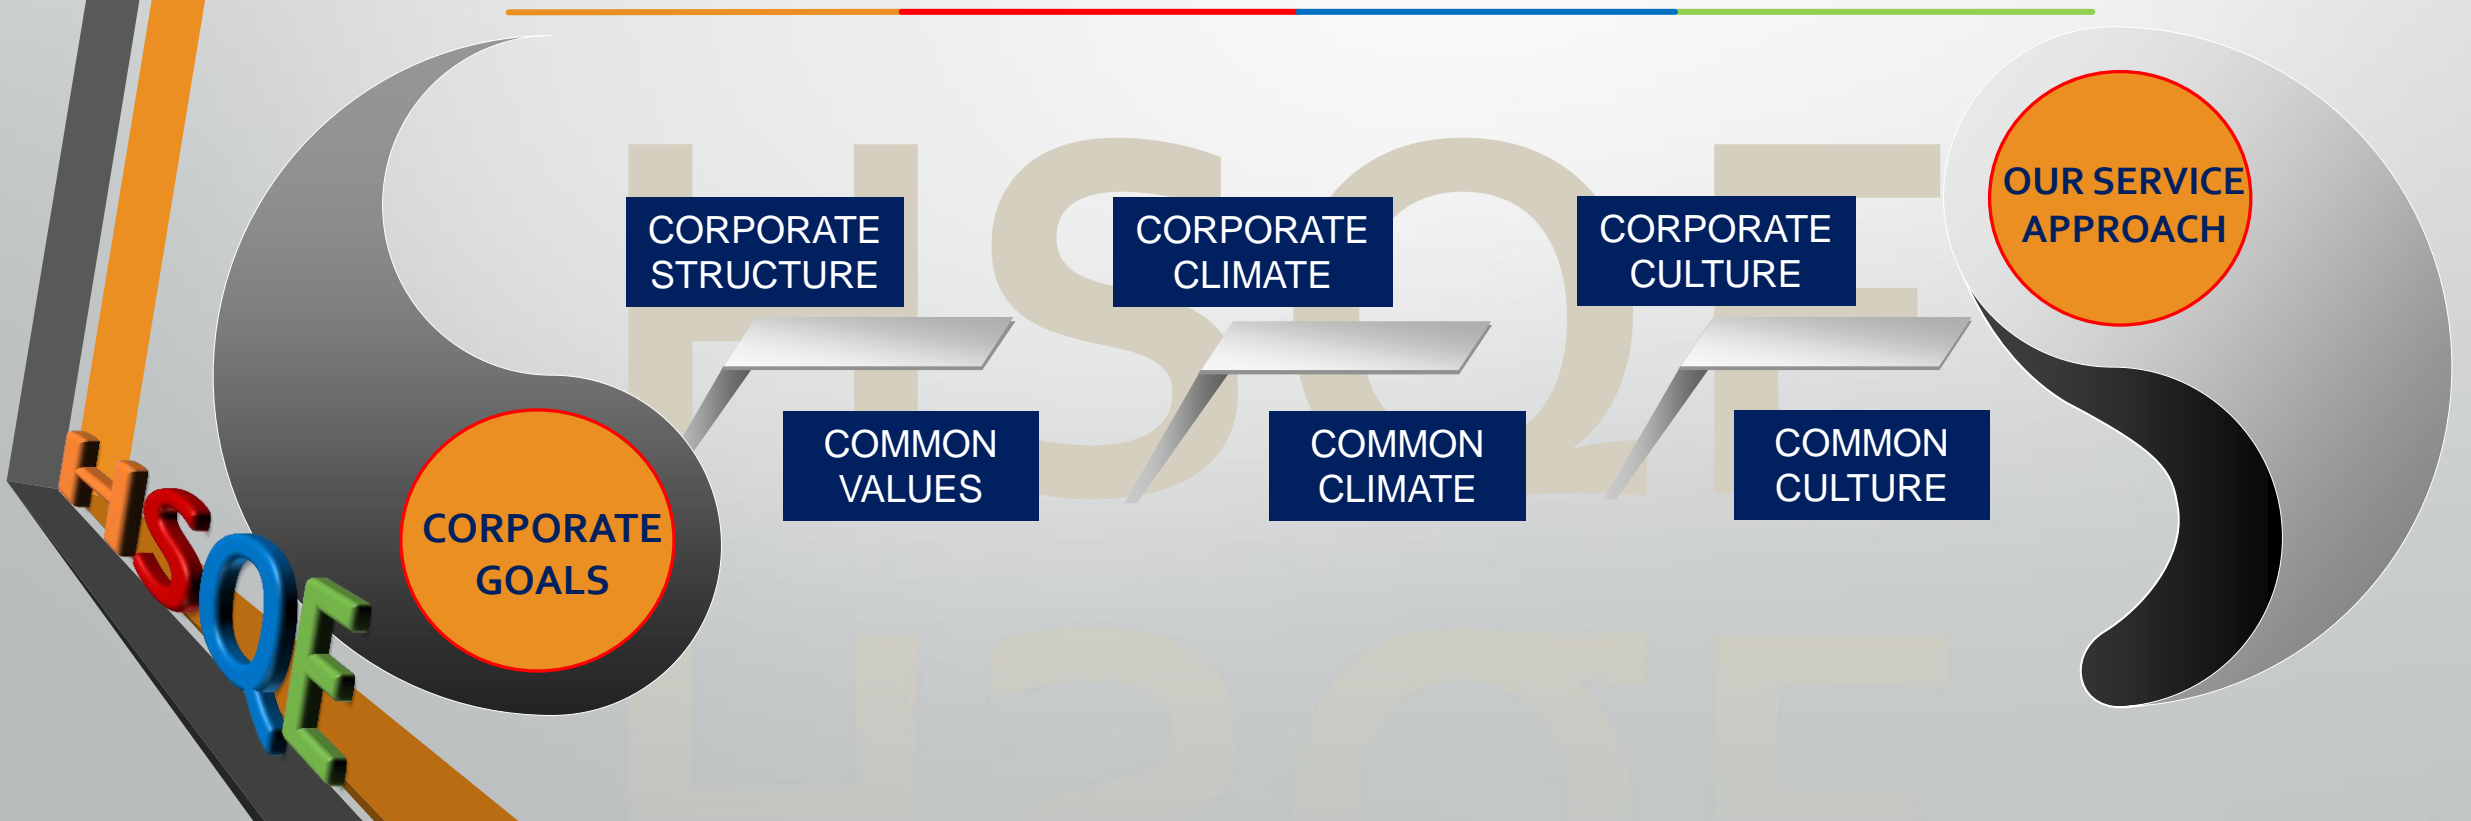

- ✓ Respected to people
- ✓ Respected to work
- ✓ Innovative and creative
- ✓ Cooperative, solidar and collaborative

OUR CORE VALUES

- ✓ Focusing on optimum benefit
- ✓ Variation and innovation
- ✓ Sacrifice when needed
- ✓ Respected to principles

The biggest goal of HSQE Family is to be a member of the human-focused community where job accidents are minimized.

In line of our goal, we have established our corporate infrastructure on complementary goals.

As of today, we are actively giving professional service to 350 firms and companies with our 25 qualified personnel on;

- > Workplace Medical Service
